THE PREMIER SPEAKS

About 150 citizens of town and district turned out last Friday night and listened with great interest to an address given by Premier Brownlee. The meeting was held under the auspices of the Board of Trade, in the United Church Hall, and a splendid dinner was served by the ladies of the church at 6 o'clock. Edwin H. Jones, President, occupied the chair, and a short musical program was given, in which Mr. and Mrs. John McDonald, Miss Helen Barbour and others took part.

Extension of the areas of municipalities throughout the Province to make them similar in size as in other Provinces, was a possible step now being considered by the Government, declared Premier J. E. Brownlee, when addressing the Board of Trade at a luncheon here Friday.

Premier Brownlee also made the announcement of salt discoveries at Fort McMurray, and made reference to the progress made by the Province in recent years.

The problem of education and roads were forcing the Government to consider increasing the size of the municipal areas, he said, in declaring this action was being contemplated. The small municipalities could not finance their needs in roads and education, and some action had to be taken to protect them. Through the extension of the boundaries to incorporate a larger unit, a means of relief might be found.

Outlining the resources of the Province in coal, oil and agriculture, Premier Brownlee declared that drillers at Fort McMurray had found 150 feet of pure salt at a depth of 600 feet. Untold amounts of tar sands were known to be located in that district, but they were without actual value until markets for them were found.

The Peace River Country in 20 years would be producing as much as all Alberta was producing at present, he said. He emphasized the need of greater population.

In dealing with the roads question, Premier Brownlee said that care had to be taken when extensions were being made. The demands should be kept within the ability of the Province to maintain.

"We are yet a long way from our ideal," the Premier Declared. "Alberta is still in a pioneer state, although her progress has been remarkable. Already her per capita wealth compares favorably with any other province or state on the continent."

He appealed to the members of the board to continue their efforts to build up their district and increase its importance.

CLIVE NOTES

On Saturday 27th of October while motoring from Red Deer, Walter Duncan of Clive had a collision with another car which was going to Red Deer. Mr. Duncan, on his own side of the road was driving slowly, but the other fellows light were rather blinding and he was not on his side of the road. Mr. Duncan's car was the heaviest, so when they struck, it tore the fender off the other fellow's car and turned his car square around. However no one was hurt.

DIED

Angus Morrison Killed on Trail

Angus R. Morrison, an official of the Department of Agriculture, residing in Edmonton, died in the hospital here last night from injuries received in the early evening, when his car turned over on the Edmonton Trail, near the home of P. M. Dallantine, three miles north of Lacombe. From information obtained it appears that the deceased turned out to pass a car, and ran into the ditch, and on coming out, his car upset and turned over several times. He was unconscious when picked up by a passing driver, who brought him to Lacombe, where medical aid was procured.

FINED FOR ASSAULT

For an unprovoked assault on Francis Marshall, Fred Fisher, Sr., Fred Fisher, Jr., and their hired man named Knadle, were fined \$10 and costs each by the magistrate at Clive on Wednesday night. Marshall, who is employed by the elevator company on construction of their building at Clive, was beaten up badly by the three gentlemen mentioned above for apparently no reason.

A SERIOUS PRANK

Some young men with more energy than brains, placed some heavy timbers across the road near Day's corner, last night, and a serious accident was narrowly averted. Dr. Locke, who had occasion to drive up the trail came around the corner, fortunately at slow speed, but had difficulty in stopping before he struck the obstruction. Had the doctor struck the timber, serious results would have followed. Hooligans who resort to "jokes" of this kind, endangering lives, should be prosecuted and severely punished. The younger "kids" did not do serious damage, confining themselves to removing loose property from various residences.

ATTEMPTED BURGLARY

When D. C. Cameron went into his store on Sunday evening, about 7:30, he discovered that one of his back windows was open, and upon investigation found that some person had broken out a pane of glass and unfasted the window and made entry to the store. Looking around, he noticed the legs of a man behind the curtain in his fitting room, and called upon whoever it was to come out. This fellow did, but when Mr. Cameron tried to detain him he made a break for the open window and escaped. Nothing was taken, as the marauder had evidently just arrived about the time Mr. Cameron did. The man is described as being about 5 feet 8 inches in height and rather slim; dark hair; he had on a black V neck sweater and black moleskin trousers, and apparently was a foreigner. Corp. Collett is on the case.

DEATH OF "WILLIE" SHANKS

Willie Shanks, beloved son of Mr. and Mrs. Wm. Shanks, died at his home here on Friday, October 26th, after a very short illness. Deceased was a favorite in the neighborhood where he resided, and the sympathies of the community are extended to the bereaved family. The funeral was held on Monday last, and there were many friends present from all parts of the district.

THE GOLF DANCE

Over two-hundred merry-makers turned out on Tuesday night to the dance given by the ladies of the Lacombe Golf Club. The theatre was decorated in real Halloween fashion and the ladies who had this part of the work in hand deserve great praise. With black cats, witches, etc., the hall presented a real spooky appearance, and the live witches gave the whole a realistic touch. Dancing was kept up until about two o'clock and even then many had no desire to stop. A delicious supper was provided by "the best cooks in Alberta." The music, which was provided by the Harmonizers, was all that could be desired, and was the subject of much favorable comment from visitors from outside Lacombe. The ladies expect to clear in the neighborhood of one hundred dollars on the dance.

ADDRESS BY REV. ROBT. LAIRD

Rev. Robert Laird, D.D., of Toronto, Treasurer and General Agent of the United Church of Canada, and its representative before the General Assemblies of England, Ireland and Scotland, addressed a gathering which filled St. Andrew's Church to capacity on Sunday evening. Basing his remarks upon the text "Jesus is Lord" found in Phil. 2:11, Dr. Laird carried his listeners with him to various points in India, Japan, China and other lands where missionary work is being done by the United Church, and spoke of how much the work of the missionaries is handicapped by our newspapers which carry to these foreign races the sordid tale of bootlegging, crime and divorce of our western civilization; these stories breaking down their belief in the power of Christ. Coming back to our own country, Dr. Laird emphasized the need of a greater effort on the part of the membership to further aid the Church in her forward movement, pointing out large centres in well settled districts that are still without Christian services of any kind.

Although he visited the west 34 years ago in 1894, this is his first visit to Lacombe and the congregation of St. Andrew's felt privileged to hear Dr. Laird, whose commanding figure and attractive personality supplement his remarks in holding the attention of his audience.

HOSPITAL PROBS MUST BE THOROUGH

The provincial government has decided on a thorough inquiry into the administration and management of the mental hospitals at Ponoka, Red Deer and Oliver. It will be conducted by two Toronto experts qualified in the treatment of mental diseases.

Any other decisions would run contrary to public opinion. It would be idle to deny that recent incidents in the Ponoka institution have created the most profound consternation and alarm throughout the province. That hospital in particular is on trial.

Recent court proceedings in which six attendants in Ponoka institution were sentenced to two months in prison for assaulting a fellow employee who reported the brutal attack on the late Dr. Hobbs, and the conviction of the man Scott in connection therewith, have served only to confirm grounds for public anxiety as to how far unkindness, if not actual cruelty to patients prevailed and how long such conditions were in existence.

The exposures following the death of Dr. Hobbs have gone far to undermine popular confidence in government institutions. There are many families living in Alberta who have relatives undergoing treatment in the mental hospitals. To them and to all classes in the province nothing but

the most thorough and unbiased inquiry into conditions in those institutions will be satisfactory.

The Western Globe demands that the forthcoming inquiry conducted by eastern experts should not only be most searching as to both present and past conditions but that it should be conducted publicly. There must be no star chamber proceedings followed by a purely formal report. The public must be made conversant with all the evidence submitted as to the care of the patients and the extent of supervision exercised by responsible officials in charge.

A judicial commission empowered to take evidence under oath would be more in accord with public feeling. It remains for the government, having decided on a purely medical inquiry to see that it is carried out with the fullest possible publicity. For the government as well as the officials concerned are in a very real sense on trial before the tribunal of public opinion.

Here and There

(159)
The new Canadian Pacific liner, "Duchess of York" has been launched at Clydebank, Scotland, by Her Royal Highness the Duchess of York. H.R.H. the Duke of York and other notables were present. The vessel is of 20,000 tonnage, and is the fourth and last of the "Duchesses" quartette of steamships built for the service of the St. Lawrence route.

Two hundred Chinchilla rabbits accompanied by a ton of special food for their twelve thousand mile journey from England to New Zealand were recently handled by the Canadian Pacific Express Company. The little animals were bred in Lincolnshire and are to serve as a nucleus of a rabbit fur farm in Auckland. As rabbits are regarded as a pest in the Antipodes special arrangements had to be made to allow them to enter the country.

George Jihavlec, son of the Finance Minister of Czechoslovakia, is the latest addition to Alberta's list of notable farmers, led by H.R.H. the Prince of Wales, whose E. P. ranch is only one royal demesne among several, including that of the Duke of Sutherland. Young Jihavlec, who is only 22 years of age, has settled near Lethbridge, where he is gaining farm experience on the farm of C. R. Daniel before launching out for himself.

Thirty-five visits and departures of Canadian Pacific steamships will be made in and out of the Port of Saint John during the coming winter season, between December 1st and April 25th, it is officially announced. This represents an increase of three over the previous season. The two new "Duchess" class steamers, the "Duchess of Richmond" and the "Duchess of York," make their first appearance on the sailing list, the former being due in New Brunswick on March 23rd and the latter on March 30th.

The promotion of two of Canada's best known hotelmen to important posts in the service of the Canadian Pacific Railway has been announced by the hotel department of the company. B. A. Neale, manager of the Chateau Frontenac at Quebec, has been appointed manager of the new 1,200-room skyscraper hotel in Toronto, the Royal York, which will be opened to the public next summer. His place in the great hotelery at Quebec will be taken by John Johnston who has been assistant manager at the Chateau for some time.

The distribution of dividend money every three or six months to shareholders of industrial and commercial enterprises in Canada runs into many millions of dollars. The money goes to an army of people throughout the country, many of whom depend on it for their living and it has much to do with the continued prosperity of Canada. About 88 companies are listed on the Toronto Stock Exchange, a small part of the total number of those making regular dividend disbursements in Canada, but for the third quarter of this year these 88 companies distributed in dividends over twenty million dollars, of which the Canadian Pacific alone accounted for \$7,500,000. This was by far the largest distribution by any one company, the next largest being \$3,811,608. The number who regularly benefit by these distributions of profits is increasing every year, thus showing a more general tendency on the part of the Canadians to invest their earnings in the stocks of well established and sound industrial concerns.

Rheumatic or Otherwise

Says: "When Joint Ease Gets In—Joint Agony Gets Out"

It was a high class pharmacist who saw prescription after prescription fail to help hundreds of his customers to get rid of rheumatic swellings and stiff, inflamed joints.

And it was this same man who asserted that a remedy could and would be compounded that would make creaky, swollen, tormented joints work with just as much smoothness as they ever did.

Now this prescription, rightly named Joint-Ease, after being tested successfully on many obstinate cases, is offered through progressive pharmacists to the millions of people who suffer from ailing joints that need limbering up.

Swollen, twingy, inflamed, stiff, pain-tormented joints are usually caused by rheumatism, but whatever the cause Joint-Ease soaks right in through the skin and flesh and gets right to and corrects the trouble at its source.

Remember Joint-Ease is for ailments of the joints, whether in ankle, knee, hip, elbow, shoulder, spine or finger, and when you rub it on, you may expect speedy and gratifying results.

It is now on sale at druggists everywhere for 60 cents a tube.

MEADOWBROOK

The Ladies' Aid held their monthly meeting on Thursday, Nov. 1st at the home of Mrs. Morrish, instead of Thursday 2nd as planned.

Miss Edna Riley is home now from her telephone duties at Alia.

We see Herbert Long has his chimney built now.

Born—to Mr. and Mrs. Will Kinley on Oct. 9th a son.

We are sorry to hear that Elmer Gilling had the misfortune to upset a load of bundles pinning him under them. He was pretty well shook up but was able to attend the chicken supper.

We were surprised to see Mrs. Jack Heath back from Canmore to attend our annual supper. We hear she is planning to have a Sale, Nov. 8th.

A party was held at the home of Joe Long's in honor of Ray's birthday. A few friends were in to help eat roast goose, cranberries, pumpkin pies and many other good things. Miss Ruth Saunders of New Westminster is here visiting relatives and friends.

Well our chicken supper is over for another year! A large crowd were present and a fair sum realized. The children enjoyed themselves fishing at the fish pond, and the program was very good, even if there were not many items. Everyone seemed to enjoy the dialogue which the school children did extremely well (thanks to the training of the teacher). The beautiful bedspread made of blocks with most everyone's name on it was sold at \$6.00 to Mrs. Jack Heath to take back to Canmore as a souvenir of Meadowbrook. We especially wish to thank the many friends from town and the surrounding districts who attended our supper, and we hope they will come back again next year.

Ivan Riley had the misfortune to run against the tiepost in the school yard last Friday. He hurt his eye quite badly but is better now.

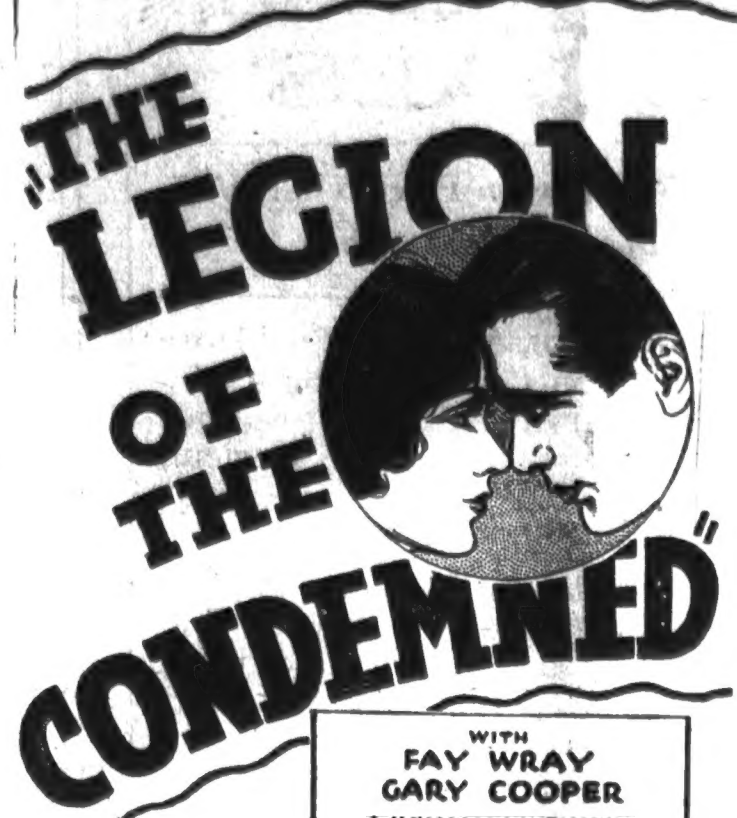

Our school teacher attended the Spruceville Chicken supper Wednesday and also ours on Friday. We heard the school children remark they were glad there was no school on Saturday.

A Column of Fun and Facts for Lacombe Folk and our Farmer Friends

Well, Hallowe'en is over, and the youth of Lacombe conducted themselves in a very decorous manner. While having a real good night, no real damage was done, although a few of our citizens are looking up various articles which were removed to parts unknown.

McCormick Deering Tractors are regularly equipped with all essential features—built in Power Take-off, platform fenders, governor, pulley, brake, adjustable drawbar, removable lugs, etc. There are no extras necessary.

Go Getters

Lacombe is fortunate in having men who put things over, instead of thinking things over.

McCormick Deering Tractors mean all-year power.
"A fellow just told me I look like you."
"Where is he? I'll knock his block off."
"I killed him."

Every farmer's wife envies the wife of the salaried man with his "regular income," but the farmers' wife can have a regular income too, with a few cows and a McCormick-Deering Cream Separator.

A customer of ours says: "It isn't the shortness of the skirt that counts, it's the upcreek."

Good Equipment Makes a Good Farmer Better.

We like to think of this business of ours as an essential part of this community, and are doing our best to make it so.

Some "easy payments" are in the same class with "painless extractions."

If you want anything in the farm implement and power machinery lines we can fix you up. Tell us your requirements.

Serious Fire at Lockhart

We were sorry to hear about Mr. Doty's fire last Monday morning. He was awakened about five-thirty o'clock and saw his barn in flames. Before he could get out or call for assistance, the roof had fallen in, killing four horses and three hogs, as well as burning all his harness, grinding outfit and two hundred bushels of grain and a quantity of hay. The origin of the fire is unknown, but Mr. Doty believes that it might have been caused from a discarded cigarette stub. Mr. Doty had just recently moved onto his farm, and though the barn was insured, the contents were a total loss.

LOCKHART NEWS

Although the weather is somewhat colder, it is still an ideal fall, and the roads are in excellent condition.

Mr. and Mrs. Wm. Weise were visiting their son Ralph Weise last Sunday.

Mr. Jim Robson shipped twenty-one head of cattle through the Livestock Pool from Rimbey last Tuesday.

Mr. and Mrs. Grover Robson motored to Calgary last Tuesday, returning on Friday. They report a good time and say the roads are very good.

Miss Gyori has returned home from Mrs. Ed. Ellsworth's, where she has been working for the past two weeks.

Mr. and Mrs. Wyancko returned from Ponoka on Friday.

We are glad to see our old neighbors, Mr. Joe Grieff and family back in our valley again. Mr. Grieff motored up from California where he has lived for the past two years. They are at present visiting their daughter, Mrs. Clifford Rathwell.

Mrs. Gelin and daughter, Ms. Joe Berchell, visited Mrs. Arthur Jaffray on Thursday.

Miss Adams returned home on Saturday, after spending a few days with Mrs. H. E. Reid.

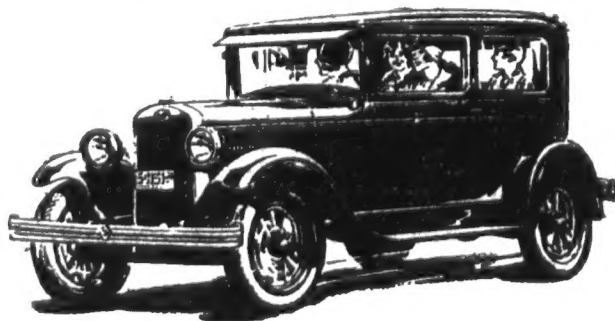

The dance on Friday evening was very well attended. There was one of the largest crowds ever seen in the hall. The music by the Harmonizers was greatly enjoyed. This orchestra will furnish the music for an other dance in the hall on Wednesday Nov. 14th. Keep the date in mind, and come to Lockhart if you want a good time.

Mr. and Mrs. Weise went to Consort last Friday to visit their son W. D. Weise.

The Hallowe'en Masquerade party given by Miss Cook on Saturday evening for her pupils and their parents was quite a success. The only light in the hall was from the eyes of Goblins and Jack-o-lanterns, while

games were being played. After the games, The Strachen Bros., Mr. Skeils and Mrs. Calkins supplied the music for a couple of hours of dancing. Mr. Robson, Mr. Palm and Mr. Beddoes were judges for the masquerade giving the prizes: First, an autograph album, to Jean Jaffray (a squaw); Second, a pen knife to Sandy Jaffray (Indian Chief); Third, a box of Choc-
